## EARTH DAY 2012

Join us on Monday, April 23<sup>rd</sup> as we celebrate and honor our local farmers and fishermen at our 3<sup>rd</sup> Annual Earth Day Dinner at Hukilau Lanai. The farmers and food artisans, many of whom will attend the dinner, will be featured in a Five Course Dinner. This event is created in partnership with Chef's Collaborative, a national organization that aims to educate and network with chefs about the ongoing sustainable national food movement.

No matter when you celebrate Earth Day, its message is about the personal responsibility we all share to "think globally and act locally" as environmental stewards. We hope to inspire awareness and appreciation for our local farmers and fisherman on this Earth Day, 2012. Tickets are \$50 including tax and gratuity and go on sale April 1.

## REAL TIME FARMS

Hukilau Lanai is excited to announce our new interactive menu, in partnership with the Real Time Farms website! Check it out! [www.hukilaukauai.com/menu-dinner.php](http://www.hukilaukauai.com/menu-dinner.php). To learn who is growing our produce and providing our fresh items, just click on any green menu item on our website menu to see its origin and creator.

The Real Time Farms website ([www.realtimefarms.com](http://www.realtimefarms.com)) empowers anyone from farmers to foodies to share photos and information about food: how it was grown, who grew it and where to find it. Food transparency at it's best!
